

## SEAT BELT SAFETY CONTRACT

My signature below as Fire Chief shows my commitment to firefighter safety. I agree to initiate the signing of the National Fire Service Seat Belt Pledge within my department. I commit to have and enforce a written policy mandating seat belt use in department vehicles in compliance with MIOSHA General Industry Safety Standards Part 74. When I receive the seat belt awareness covers, I will promptly and properly install them in my vehicles. I do these things to ensure "Everyone Goes Home."
